Chesterfield Doubtful.

Chesterfield is looked upon as the only doubtful county in the Third Congressional District in the flight for the governorship. The Tucker people claim the city of Richmond, as well as all the counties except Chesterfield, and this is set down in the doubtful list. It is asserted by strong politicians here that this city will give the Valley candidate a strong lead, although it looks now as if there will be a small vote polied.

There is much interest in Manchester in the fight for Attorney-General, most of the lawyers being openly for Colonel Callett, as against Judge Williams. The city will apparently give a large majority for Lieutenant-Governor Ellyson over Colonel Caton, on the ground that the former has served his people faithfully for many years as the chairman of the dominant party in the State. Mr. Ellyson has many strong friends in Manchester, who will take their coats off and go to work for him in earnest on the day of the primary.

weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

[Special to The Times-Dispatch.]
CHICAGO, July 17.—Ten thousand dollars in currency, paid across the table in a lawyer's office, was the consideration accepted by James H. La Pearl, the showman, to dismiss the \$50,000 suit against Adrian C. Honore, in which it was alleged that the defendant won the affections of Mrs. La Pearl, By a strange provision of the settlement, La Pearl, in accepting the money, had to agree to dismiss the divorce suit which he filed at the same time that he entered the allenation action. It is said that the testimony in both cases would have been identical.

The settlement proceedings were hurried and secret. It was stated to-day that Mr. Honore's attorneys hastened the end to prevent the filing of a sworn statement by Mrs. La Pearl, who had become reconciled to her husband since the filing of the suit and lad agreed to help him in his action a ainst Mrs. Potter Palmer's brother, the defendant at the White House to-night.

President Taft had as dinner guests Senator Aldrich and Representative Payne, Senator Bradley of Kentucky, who represents the tobacco growers interests, and James C. Wheeler, acting commissioner of internal revenue. Later the party was joined by Attorn ney-General Wickersham and Senator Root.

The President is especially desirous that a portion of the revenue needed by additional internal revenue taxes no tobacco.

Sonator Aldrich and Representative Payne stood out against additional relief to tobacco growers, for which Senator Bradley sought the indorsement of the President.

No decision was reached, but it was agreed that the conferees should give the subject their careful attention.
